

R.M. of BRATT'S LAKE No. 129 DUST CONTROL POLICY

General

- 1) Only an approved dust control applicator arranged by the municipality is permitted.**
- 2) Only Magnesium Chloride will be used for dust control.**
- 3) Dust control will only be applied to roads within and maintained by the municipality.**
- 4) Dust control will be permitted at occupied farm sites, any other requests will be at the discretion of Council.**
- 5) A standard distance of 150 metres (492 feet) will be authorized, additional distance requests will be at the discretion of Council.**
- 6) The municipality will grade through any site at any time it deems necessary to do so.**
- 7) Dust control does not have a guaranteed time of usefulness, many factors will determine the length of time it is useful.**
- 8) The municipality only applies the dust control in May of each year, any additional applications will be at the discretion of Council.**

Process and Costs

- 1) All requests for dust control will be made at the office.**
- 2) A dust control agreement must be signed and submitted by the annual deadline.**
- 3) The municipality will notify residents of the deadline for the dust control agreement to be submitted to the office each year.**
- 4) The agreement must be signed by the property owner.**
- 5) The ratepayer will be responsible for 100% of the cost of the dust control product which may include product, delivery, taxes and fuel surcharge.**
- 6) The municipality will contribute by supplying the gravel, water and grading prior to application. Gravel and water will only be applied if necessary and will be at the municipality's discretion.**
- 7) After the dust control is applied the municipality will invoice the ratepayer and the invoice is due upon receipt.**
- 8) If the invoice is unpaid at December 31 the amount will be added to the ratepayers taxes.**
